Dear Liz

Enclosed is the quote to remove trees and carry out remedial work to trees causing problems on the site.

The tree surgeon has met with the Tree Officer of North Lincolnshire Council Colin Horton. The quote is based on his recommendations.

The enclosed map shows the trees to be cut down, (Orange), and the trees to have work carried out on them, (Blue).

I have been informed that any work carried out will need a blanket application to be submitted to North Lincolnshire Council. This is included in the price and will be organised by the tree surgeon.

All work carried out will be clearly marked while in progress and care will be taken to avoid disruption to patients and staff at Great Oaks.

The tree surgeon has informed me that any additional work resulting from unseen areas, (including underground), will incur extra cost.

If you have any questions please call me on the number below or my mobile – 07711 254 113

Yours sincerely

Mark Glew
