SUMMARY OF ADVICE

This application affects a traditional building in the Barton Conservation Area: -

- *No Objection*

There are no details of any alterations to the building as part of the application. Therefore there is no impact on the character of the conservation area.

However I would recommend that the applicant be advised that any future alterations to the appearance of the building will need to be inkeeping with the conservation area and will need planning permission.

HISTORIC ENVIRONMENT RECORD (HER) GROUP FUNCTION: To hold, maintain, interpret and manage heritage information, enhancing the understanding of the area's historical development as a distinctive and attractive place. HER information provides source material for interpretation by heritage professionals and for use by community groups and individuals.

The Group also provides advice on development proposals that affect, or may affect, the sites and settings of all heritage assets i.e. designated and non-designated historic buildings, archaeological sites and monuments, and historic places, areas and landscapes. This advice is provided against saved local plan policies and national historic environment policies.
