Re: Application No. PA/2011/1554

Land at: 91 Barrow Road DN18 6AE

Comments on the above Planning Application:-

1. Privacy Houses in close proximity to the boundary of bungalows with first floor windows overlooking properties and blocking out light, especially Plot 10.
2. Flood Risk The land at 91 Barrow Road slopes to the North and is higher than land on Norman Close.
3. Devaluation of properties on Norman Close if houses are built at the back of bungalows.
4. Demolition of a significant Barton House built in the 1870's to 1890's.
5. Road Safety Issues The new road emerges onto an already busy Barrow Road, opposite a school.

We request that the Application No. PA/2011/1554 is presented to the Planning Committee to enable us to put forward our case in person.

Yours faithfully
