Comments	No specific reference is given to the disruption of the conservation area in this application. Royal Oak is identified as a Building of Townscape Merit within the Barrow Development Plan and as such, special attention should be paid to any changes to the character of the building. I request that this application is scrutinised by full Planning Committee as significant demolition and alterations are planned to the building and out building as specified within the Heritage Document. As the vehicle access is directly opposite me I am concerned that the opening to the car park / service vehicles is inadequate for the movement of large vehicles - which will need to reverse into the car park to access the service yard and also the number of proposed car park spaces is inadequate.
