Hi

I would advise that the following conditions be applied to any permission you may be minded to grant on this application:

Permission should be for a temporary period of no more than 24 months, from the date of the decision notice - so the highway authority can monitor the impact of the proposed changes on the highway network.

No signage of any kind associated with the proposed use shall be positioned within the limits of the adopted highway.

I would advise that any permission be subject to an unilateral undertaking that reinforces the proposed parking agreement between the applicant and the church.

Many thanks
