To: Planning <Planning@northlincs.gov.uk>;

Hi,

I am writing to note my concerns about the above planning application, This planning application backs onto my property. The proposed plans would block any light coming into our small garden, the plans also contain a window that would overlook our garden causing an infringement of our privacy and encroach the amenity space.

In addition to this it leaves me with concerns about the impact on property values for neighbouring properties and future tenants

Regards

Mary Borrill
