### SUMMARY OF ADVICE

- Thank you for consulting the HER on this application
- I have checked the HER database for known and potential heritage assets that may be affected
- The application site is within the Barrow upon Humber Conservation Area and the Conservation Officer should be consulted on the proposal
- The proposal does not adversely affect any heritage assets of archaeological interest or their settings
- No further recommendations for archaeology

**HISTORIC ENVIRONMENT RECORD (HER) FUNCTION:** To hold, maintain, interpret and manage heritage information, enhancing the understanding of the area's historical development as a distinctive and attractive place. HER information provides source material for interpretation by heritage professionals and for use by community groups and individuals. The HER database is updated as new information about the historic environment is discovered.

The HER also provides advice on development proposals that affect, or may affect, the sites and settings of all heritage assets i.e. designated and non-designated historic buildings, archaeological sites and monuments, and historic places, areas and landscapes. This advice is provided against saved local plan policies and national historic environment policies.
