Afternoon Sam,

Apologies for not answering your calls, I am in and out of the office at the moment.

Before I can sign off this method statement I require clarification/information on the points i made in the memo I sent this morning.

I can speak to Humberside Materials first thing Monday morning

Kind Regards

Aleks Szymonowicz

Subject: RE: DISCO/2021/1324

Good afternoon Aleks,

Thank you for the below, further to my voicemail, am I correct in thinking that the information requested can only be able to be provided post-remediation? If this is the case I would presume the condition would be partially discharged now to allow for the works to occur, with the condition being fully discharged once the validation report (which will include the requested information) has been submitted to yourselves, is this correct?

Any issues please don't hesitate to contact me.

Kind regards,

Samuel Winton B.Arch (Hons), M.Arch

Good afternoon Elle,

Further to our telephone conversation, I have spoken to our consultant who confirmed that the contamination on-site was expected and formed part of TP2 in the attached submitted method statement. The paragraphs relating to this are on page 6 and the area is referred to as TP2.

Any queries please don't hesitate to contact me.

Kind regards,
