

Humber Zero consultation response form

We want to understand your views on our proposals to introduce new carbon capture technology and infrastructure to existing facilities within the Phillips 66 Limited Humber Refinery and the VPI Immingham LLP Combined Heat and Power Plant. Please read our consultation materials at humberzero.consultation.ai to help you complete this form. If you have any questions after reading the materials, or would like them in an alternative format, including large print, braille, audio or in another language, please contact us on consultation@humberzero.co.uk.

You can complete this response form online at humberzero.consultation.ai. Alternatively, you can return the completed form by email to consultation@humberzero.co.uk, or post it to us using our Freepost address: Freepost HUMBER ZERO CONSULTATION.

About this form

This response form is split into three sections. The first section asks for your feedback on the proposals for Humber Zero. The second is an optional 'About the consultation' section, which if completed will help us to understand how effective our consultation has been. The third is an optional 'About you' section, which if completed will help us to understand your relationship to the proposals and the audience reached by the consultation.

You can respond to all of the questions, or just those you feel are relevant to you.

If you need additional space to complete your answers to any of the questions, please enclose additional sheets and include references to make it clear which questions the additional sheets relate to.

Feedback should be submitted by **11.59pm on 7 July 2022**.
