QUALITY LEVEL

- A - Verification
- B1 - Horizontal/Vertical location using multiple techniques
- B2 - Horizontal/Vertical location using a single technique
- B3 - Horizontal location using a single technique
- B4 - Assumed route
- C - Site Reconnaissance
- D - Desktop utility records search

Notes:

For Underground Utilities Survey refer to CMS Survey Dated Oct 22, Utilities Survey of Land at: Rosper Road, South Killingholme / North Killingholme DN40 3DZ ref EN22052-U, Drawings 01 to 07.

Underground Utilities survey was conducted in compliance with the BSI PAS128:2014 standards.

Services linetypes display text indicating first an abbreviation of the services' function (eg, EL = Electric Cable) followed by the Quality Level to which that service was located (eg, B4 = Assumed route).

Lines annotated as GPR indicate a series of consistent subsurface anomalies located using the Ground Penetrating Radar and should be considered as Quality Level B2. The nature of these anomalies could not be determined by non-invasive means. GPR lines that were identifiable as a service are shown as their respective service.

NOTES

Do not scale. All dimensions in metres unless otherwise stated.

Topographical survey provided by Scopos ref. 415000-00201 and received on 24/05/2022. Additional information on public highway will be necessary at detailed design stage.

All Highways works are subject to Section 278 Agreement of Highways Act 1980 and to the approval of North Lincolnshire Council.

All works to be executed in accordance with the Specification for highways Works, the manual of contract documents for highways works, Design Manual for Roads and Bridges, Traffic Sign Regulations and General Directions and Local Council Design Guidelines - North Lincolnshire Industrial Roads Design Guide.

Existing highways boundary taken from map.northlincs.gov.uk and will be required to be confirmed by Highways Authority for detailed design stage.

Drainage proposal and works on the existing watercourse to be agreed with North Lincolnshire Land Drainage Authority and North East Lindsey Internal Drainage Board

All works are to be carried out in compliance with requirements of the Statutory Authorities, Construction Design Management Regulations.

Preliminary Design subject to a Road Safety Audit
