PA/2023/1240: Discharge of Conditions

Dear Rebecca Leggott & Scott Jackson,

This letter is just to confirm that the dismantling of the steel framed building and removal of all the asbestos cladding has been undertaken by Timmins Engineering and Construction Ltd. This has been done in accordance with the method statements supplied to you in September and the Asbestos Survey. All of the asbestos waste has been removed by an approved waste contractor and the Waste Transfer notes are attached with this application.

Yours sincerely,

A black rectangular redaction box covering the signature of Edward Faulding.
