

Flush Residential Door Rio

Available in a wide range of colour options, REHAU Entrance Doors will meet all requirements, making them a natural choice for the specifier and trade markets, where they can be utilised in new build and refurbishment projects.

Characteristics

REHAU entrance doors comprise a range of multi-chambered profiles that are designed to meet the requirements of the new build, commercial and domestic refurbishment markets and allow for excellent thermal insulation.

With a choice of chamfered profiles using TOTAL70C or fully sculptured using TOTAL70S, there is a full range and has a full range of ancillary profiles for all installation requirements.

The 70mm door system allows the latest security hardware to be fitted and features pre-routed steel on locking side for continuous reinforcement.

Both designs are available in a range of foil laminate options allowing for complete personalised profile design. Our complete range of foil laminate options can be seen on our colour page or the REHAU Colour Brochure.

Flush Residential Door Rio

The 70mm door system allows the latest security hardware to be fitted, ensuring Part Q compliance of the building regulations.
