Subject: Planning Application PA/2025/500

CAUTION: External Email. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Hi Dean

I hope you are well.

Centrica have submitted a planning application (PA/2025/500) which seeks to vary condition 4 and 5 of PA/2023/1935.

As explained in the supporting Planning Statement consented scheme PA/2023/1935 related to a 'gas pressure reduction skid' which was permitted subject to the following noise related conditions:

Condition No. 4

The development hereby permitted shall be installed to meet the noise levels and requirements detailed in report reference : JPM Acoustics Ltd, project No.0812023, dated 22 November 2023.

Condition No. 5

Prior to operation of the proposed development, an acoustic barrier shall be installed that meets the requirements of report reference: JPM Acoustics Ltd, Project No.0812023, dated 22 November 2023.

Condition No. 4 requires the development to comply with noise levels as set out in the JPM Acoustics report of 2023, the relevant table which is below.

Table 5-1: Predicted Noise Levels at Receptor 2, Accounting for 3.8 m Barrier Around PRMS

Development	Period	Predicted Specific Sound Level, dB [A]	Background Noise Level, LA90 dB [B]	Difference [A]-[B]=[C]
Receptor Location 2				
DG2	Daytime (07:00 – 23:00)	38	38	0
	Night-time (23:00 – 07:00)	36	37	-1
PRMS	Daytime (07:00 – 23:00)	28	38	-10
	Night-time (23:00 – 07:00)	28	37	-9
HiROC	Daytime (07:00 – 23:00)	28	38	-10
	Night-time (23:00 – 07:00)	N/A	37	N/A
BESS	Daytime (07:00 – 23:00)	35 ¹	38	-3
	Night-time (23:00 – 07:00)	35 ¹	37	-2
Cumulative	Daytime (07:00 – 23:00)	40	38	2
	Night-time (23:00 – 07:00)	39	37	2

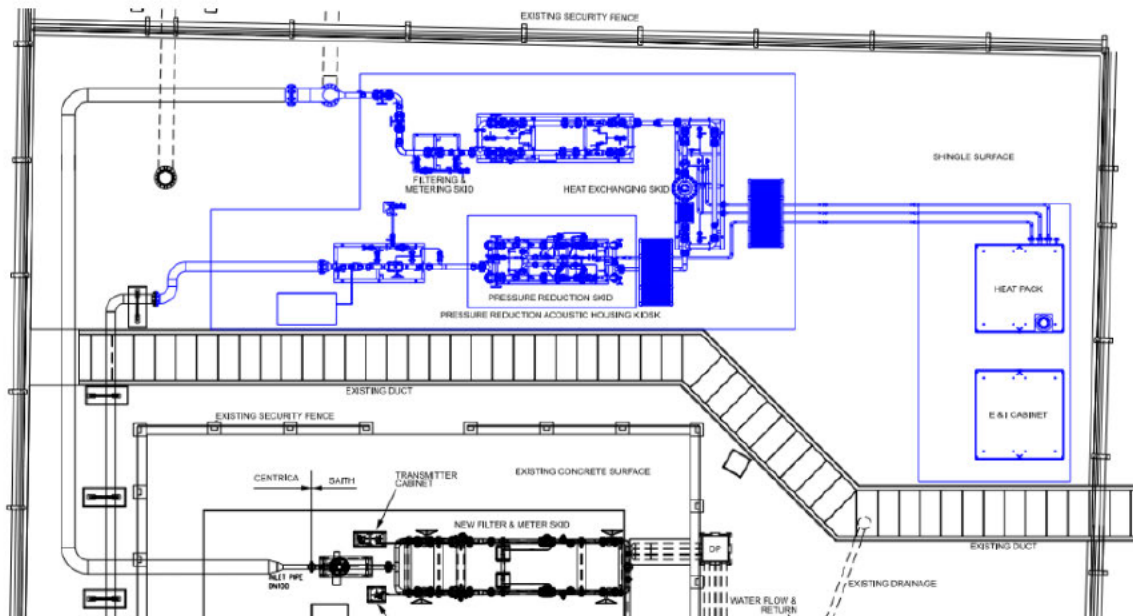

¹ Predicted noise levels taken from RPS planning report for BESS development.

The proposed acoustic barrier necessary to achieve the above noise levels (and as required under condition No. 5) is shown on the plan below:

Figure 5-1: Barrier Alignment

A 2nd consent (PA/2024/1227) was granted 10th February 2025, which varied the previously approved layout. The consented layout is shown below. This permission was granted subject to the same two noise related conditions as approved under the original permission. It is our view these conditions are not necessary (as the revised design differs from the original scheme with significantly lower noise levels) - this is explained in the supporting noise report.

The current application seeks to correct/amend this situation.

The consultation response from the EHO is set out below:

This department is unable to make any comment on this application until such time as the updated report has been submitted.

We would therefore recommend that the conditions are not varied until this information has been received.

Would it be possible to arrange a call with yourself/EHO to talk this through?

Regards

Andrew Fillmore MRTPI

unless you recognise the sender and know the content is safe.

TOWN & COUNTRY PLANNING ACT 1990

Registration of Application

We decide most applications within the time allowed and we will try to make sure you receive a decision before the due date. Any queries should be made to the case officer quoting the reference above.

Planning Applications Online

Please be aware that your application form, accompanying drawings and most documents will be made publicly available on the council's website as part of the statutory planning register that local authorities are obliged to maintain. In accordance with the Data Protection Act, sensitive personal data, including personal telephone numbers, personal email addresses or signatures are not published on our website. You can check the progress of your application on the council's website and view digital copies of most documents by visiting www.planning.northlincs.gov.uk/plan/?ref=PA/2025/500.

In the event of an appeal

If, by 25/07/2025 you have not been given a decision in writing or you have not agreed in writing to extend the period in which the decision may be given, then you can appeal to the Secretary of State on the grounds of non-determination. You must use a form which you can get online at www.gov.uk/government/organisations/planning-inspectorate or from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN. More detailed information on how to apply and deadlines for submission of appeals are also available online.
