## Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

Yes, on the development site

Yes, on land adjacent to or near the proposed development

No

b) Designated sites, important habitats or other biodiversity features

Yes, on the development site

Yes, on land adjacent to or near the proposed development

No

c) Features of geological conservation importance

Yes, on the development site

Yes, on land adjacent to or near the proposed development

No

### Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

## Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

Yes

No

Please provide the pre-development biodiversity value of onsite habitats on the date of calculation

12.06

Please provide the date the onsite pre-development biodiversity value was calculated

07/11/2025

Note: This should be either the date of the application, or an earlier proposed date

If an earlier date, to the date of the planning application, has been used, please provide details why this date has been used

The report from Crow Ecology was received on 7th December 25 and we have used the advice given in the report to provide the applicant's plans in a compliant form in relation to the advice in the report.

When was the version of the biodiversity metric used published?

29/11/2023

Please provide the reference or supporting document/plan names for the:

- i. Biodiversity metric calculation
- ii. Onsite irreplaceable habitats (if applicable)
- iii. Onsite habitats existing on the date of the application for planning permission (if applicable)

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No
