Hi Chris,

I was reconsulted on the application, we have resolved all of our queries through correspondence (see below and attached) barring permissions to actually develop the land as it is council owned I believe.

Assuming they can gain said permissions from the relevant team, we have no more concerns regarding the proposal as it will connect to ST network and they are accepting of this from what I can see.

Kind regards,

Morning Jon,

Thanks for emailing, if ST are amenable to that solution, we would be accepting and not raise issue.

Kind regards,

Re. PA/2025/735

If STW were able to confirm in writing, their acceptance for this footpath to discharge onto the road directly, would this be acceptable to you / the LLFA?

We trust this is satisfactory, however, if you have any queries, please do not hesitate to contact us.
