North Lincolnshire Council hereby gives notice that the application received on 19/01/2026 for:

Notification to remove stem to ground level on a Prunus tree and reduce the canopy on a Bay tree, identified as T1 and T2 respectively, both situated within the Barton Upon Humber Conservation Area. - 51 Whitecross Street, BARTON UPON HUMBER, DN18 5EU

On this occasion the council has decided not to make a Tree Preservation Order. You may therefore carry out the work described, providing that it is completed within two years. It is recommended that the work is completed in accordance with British Standard *BS3998:Tree Work; Recommendations 2010*

Dated: 16/02/2026

Signed:

**PP Rebecca Brown
Planning Development Manager**

Informative

Nesting Birds and Bats When pruning or felling trees or hedgerows you should ensure the work does not disturb or injure nesting birds. These, and their nests when in use, are protected from disturbance or injury under the 1981 Wildlife and Countryside Act. Ideally carry out work outside the main breeding season (1 March to 1 September). In addition it is important to survey trees for bats, particularly if they are mature trees with suitable cracks or holes that are likely to be affected by the work. All species of bat are protected under Schedule 5 of the Wildlife and Countryside Act 1981 (as amended) and Schedule 2 of The Conservation of Habitats and Species Regulations 2017, making all species of bat European Protected Species.

Any person responsible for carrying out the works authorised by this notice is advised to engage the services of a qualified contractor in order to ensure an acceptable level of competence and that appropriate public liability insurance arrangements are in place.
