Subject: RE: PA/2025/821

Hi,

I've nothing left to say on this one, other than to ask that appropriate conditions are used for external facing materials, external joinery and details of hard landscaping to be used.

Kind regards
Felix

Hi Felix,

I have taken over the above app from Emmanuel, I can see you suggested amendments in your first consultation response but were not consulted on the new plans. Jon has said you were in discussions via email with Emmanuel about it. Would you please be able to forward those emails to me, alternatively, I can issue a new consultation with you.

Thank you

Kind Regards
