

Patricia Mitchell Matter 3 Statement: Winterton

As points of clarification why are the number of dwellings for Winterton proposed in the Housing Trajectory 252 whilst the number published in the "Statement on Housing Allocation and impact on Primary and Secondary School Provision" 244? Also do these figures include -or otherwise allow for the 18 dwellings on the Land rear of Newport Drive,the 14 on Land at and to the rear of 59 West Street and the 20 on Land at Southfield Road which are published in the "Assessment of Five Year Housing Land Supply"?

Yours Sincerely ,
Patricia Mitchell
