

Ashby Children's Centre Profile 2023

Part of the North Lincolnshire JSNA

This profile provides a brief picture of public health outcomes for mothers and under 5s in the Ashby Children's Centre catchment area for 2023. This information, combined with service reach and activity data, should help agencies understand what factors are driving health improvement in this local population and enable the allocation and prioritisation of resources effectively. The profile contains information on the child population residing in its catchment area, wider determinants of health and indicators of maternal and child health.

- Ashby Children's Centre is located in Scunthorpe South locality with the catchment including parts of Ashby and Kingsway with Lincoln Gardens wards.
- An estimated 730 under 5s live in this catchment area which represents just over 8% of all under 5s in North Lincolnshire; a third (36%) of resident women are of child bearing age.
- The adult population of this area have poorer health than average with male life expectancy significantly lower than the local and national averages.
- This catchment has relatively high levels of child poverty with over half of the under 5 population living in England's 30% most deprived areas, a quarter of u16s living in relative low income and 30% eligible for free school meals; one in ten households with children claim Universal Credit and 6% are in receipt of DLA; numbers living in relative low income and claiming DLA have increased significantly since 2016/17.
- One in ten mothers resident in the area are born outside of the UK which is significantly lower than average and about one in eight deliveries are to women of a minority ethnic background.
- With only 59% of mothers initiating breastfeeding, rates are significantly lower than average; about one in ten births are premature or of a low weight which are amongst the highest in North Lincolnshire and one in six women smoke during pregnancy.
- Whilst school readiness at 5 years is average, early years development and GCSE attainment in English and Maths are the lowest in North Lincolnshire
- Whilst Accident and Emergency attendances for under 5 residents of Ashby catchment area are average, admissions for injury and respiratory infections are some of the highest in North Lincolnshire.
- Childhood excess weight in this catchment is similar to both local and national averages impacting just over a quarter of 5 year olds and over a third of 11 year olds.

ASHBY AND BOTTESFORD - ASHBY CHILDREN'S CENTRE 2023

DEMOGRAPHICS AND LIFE EXPECTANCY

Population (2020)

2310 women of child bearing age

265 babies aged 0-1yrs

460 toddlers aged 2-4yrs

1015 primary school children aged 5-10yrs

835 secondary school children aged 11-15yrs

Life Expectancy (2019-21)

76 years

2.7 years lower than North Lincolnshire

81.7 years

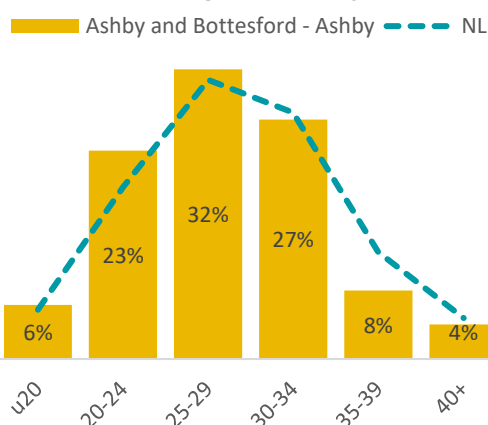

1.5 years lower than North Lincolnshire

Statistical significance of rates relative to North Lincolnshire average (95% CI)

■ Better
 ■ Worse
 ■ Lower
 ■ Higher

The chart shows the appropriate rate for each children's centre with the profiled centre highlighted in black. Where shown, the horizontal line represents the North Lincolnshire average rate. The direction of travel is relative to the last set of published profiles - in this case 2016/17. * Numbers of 7 or less and associated crude rates or proportions have been suppressed. All numbers are rounded to nearest 5. Higher rate values can be categorised as (a) higher than average; (b) worse than average; (c) better than average.
