

# Manor Farm Children's Centre Profile 2023

## Part of the North Lincolnshire JSNA

This profile provides a brief picture of public health outcomes for mothers and under 5s in the Manor Farm Children's Centre catchment area for 2023. This information, combined with service reach and activity data, should help agencies understand what factors are driving health improvement in this local population and enable the allocation and prioritisation of resources effectively. The profile contains information on the child population residing in its catchment area, wider determinants of health and indicators of maternal and child health.

- Manor Farm Children's Centre is located in Scunthorpe South locality with the catchment mainly including Kingsway with Lincoln Gardens ward.
- An estimated 315 under 5s live in this catchment area which represents 4% of all under 5s in North Lincolnshire and is the second smallest under 5s population; just over a third (36%) of resident women are of child bearing age with very low numbers born outside of the UK.
- The adult population of this area experience average health outcomes and life expectancy.
- Childhood poverty is average with 44% of the under 5 population living in England's 30% most deprived neighbourhoods; 15% of under 16s live in relative low income and 18% are eligible for free school meals which is significantly below average.
- The area has low levels of late maternity bookings, deliveries to women of a minority ethnic background, women aged under 20 and with a low birth weight.
- One in six pregnant women smoke which is similar to the local average but significantly above the national level; and, at 59%, breastfeeding initiation is significantly below average and one of the lowest in North Lincolnshire.
- The catchment has one of the lowest levels of development in early years but average readiness for school and GCSE attainment in English and Maths; it has one of the highest levels of children in need in North Lincolnshire.
- More than a quarter (28%) of 5 year olds carry excess weight which is amongst the highest in North Lincolnshire and over a third (36%) of 11 year olds carry excess weight.
- Accident and Emergency attendances for under 5 residents are significantly above average whilst admissions for injury and respiratory infections are in line with overall rates for North Lincolnshire.
